Purchase FlixCam StreamOne for Mac

StreamOne offers two subscription plans: Yearly and Lifetime plans.

Quick Link: To purchase a license key for StreamOne for Mac, please visit [here](#).

1. Why should I buy FlixCam StreamOne?

StreamOne is a shareware, and the trial version only allows you to download the first 5 mins of each video. To get the entire video, please purchase a license. After the purchase, you will be provided with your Registration Email and Registration key which will unlock the trial version limitation.

2. What Benefits do we have after Registration?

- Unlimited use during the subscription period without any function restrictions.
- Lifetime FREE upgrades to the latest versions of the same product.
- Lifetime FREE technical support.

Register FlixCam StreamOne for Mac

Step 1: Run FlixCam StreamOne on Mac. First you should click the **Menu** icon ☰ or the **Key** icon on the upper right, and then select **Register** option to register your program.

Step 2: Please fill in the blanks with the **Registration Email** and **Registration Code**. You can use keyboard shortcuts to copy (Ctrl+C) and paste (Ctrl+V) your license in the registration window.

Registration

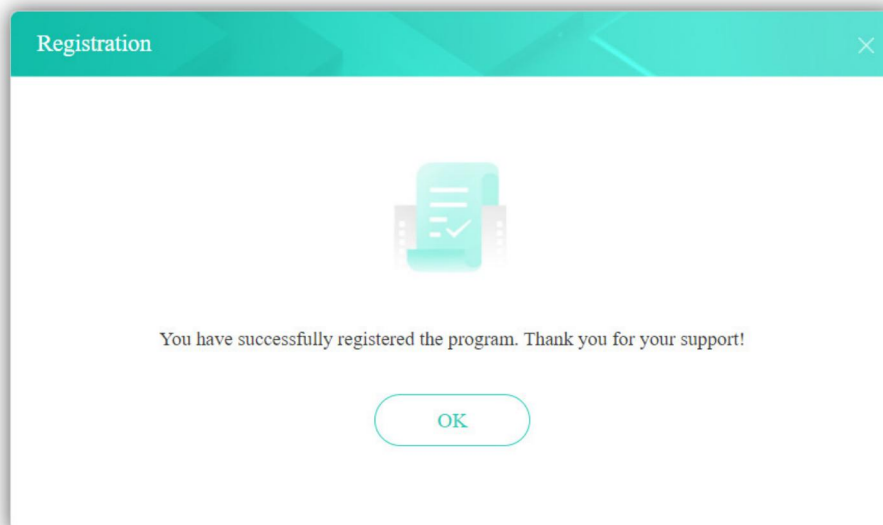

Please enter your new license, [or buy a new one.](#)

E-Mail:

Code:

Confirm Cancel

Step 3: After finishing the Registration, the limitation of the trial version will be removed.

Notice:

1. Your computer should be connected with the Internet.
2. Make sure both the Registration Email and Registration key are provided by our company after you pay the registration fee. If you have not paid, please click **Buy Now** to [purchase](#).

FlixCam StreamOne for Mac

3. Please make sure Registration Email and Registration key you entered are both complete and correct, if not, an error message will pop up as below:

Installation

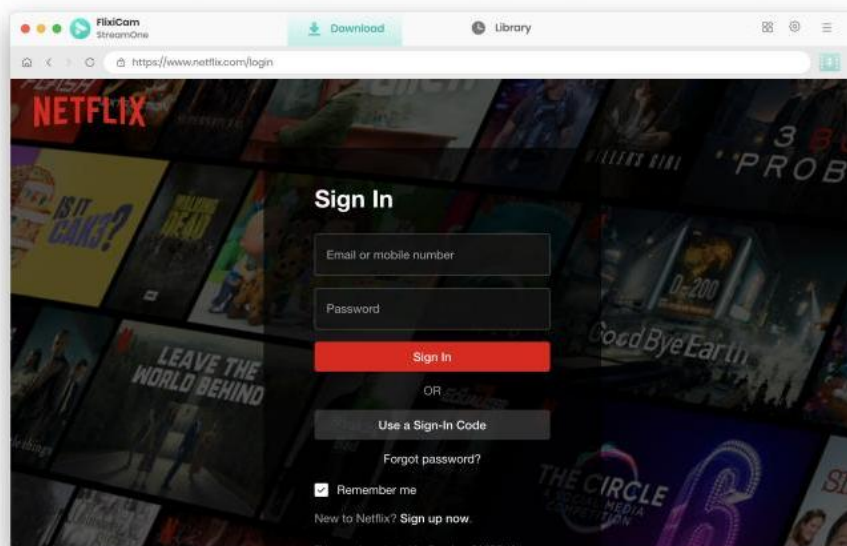

To install the program, please follow the instructions below step by step:

1. Download and install FlixiCam StreamOne for Mac from [Download Center](#).
2. Double click the installation package of FlixiCam StreamOne for Mac to start installing the program on your computer. Then simply drag the FlixiCam StreamOne application's icon to your Applications folder.
3. Follow the instructions to finish the installation.

Note: You can customize the output path for the program as well as create a desktop shortcut icon for convenience during the installation.

Main Interface

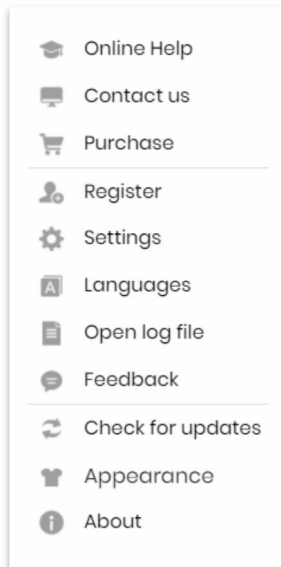

Launch FlixiCam StreamOne for Mac and you will see the main interface as below:

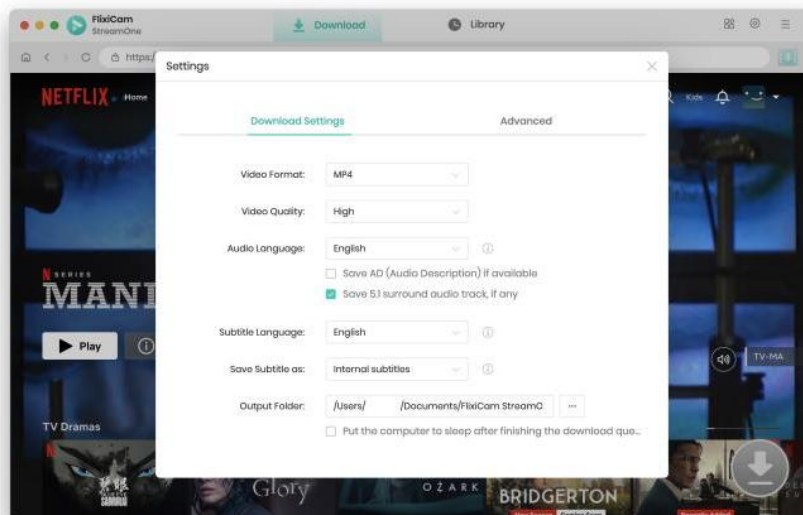

Menu

Click the **"Menu"**  button on the upper-right corner, and you will see a dialogue as below:

Settings

Click the **"Settings"**  button on the upper right, and you will see a pop-up window as below, where you can customize the output quality (High, Medium, Low), output path, audio and subtitles language, etc:

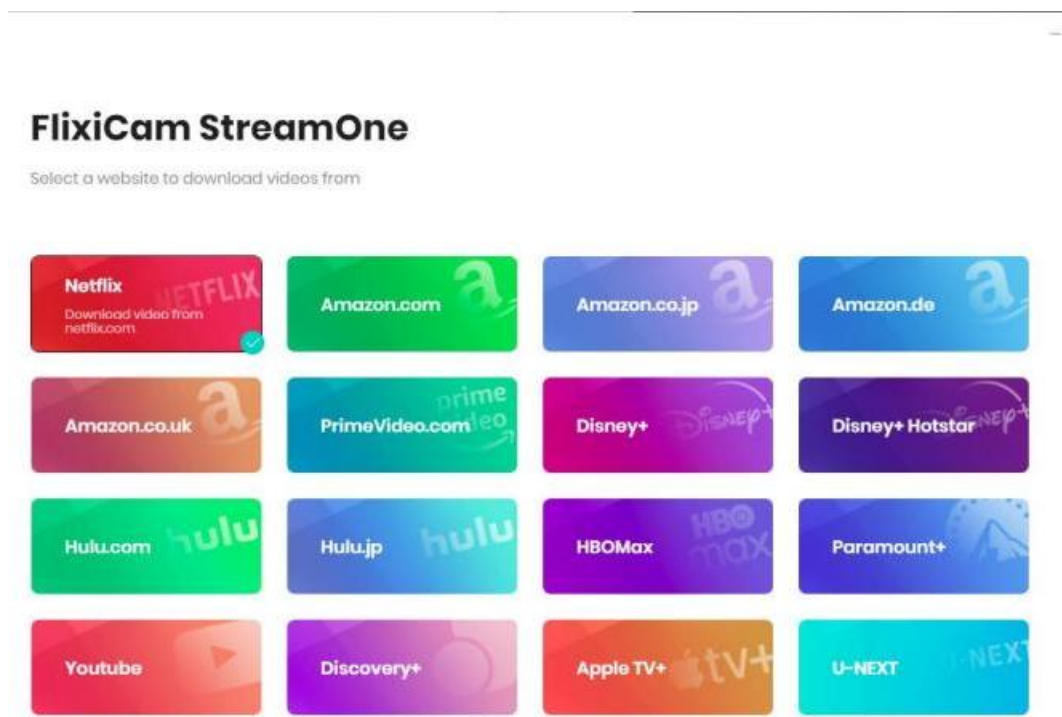

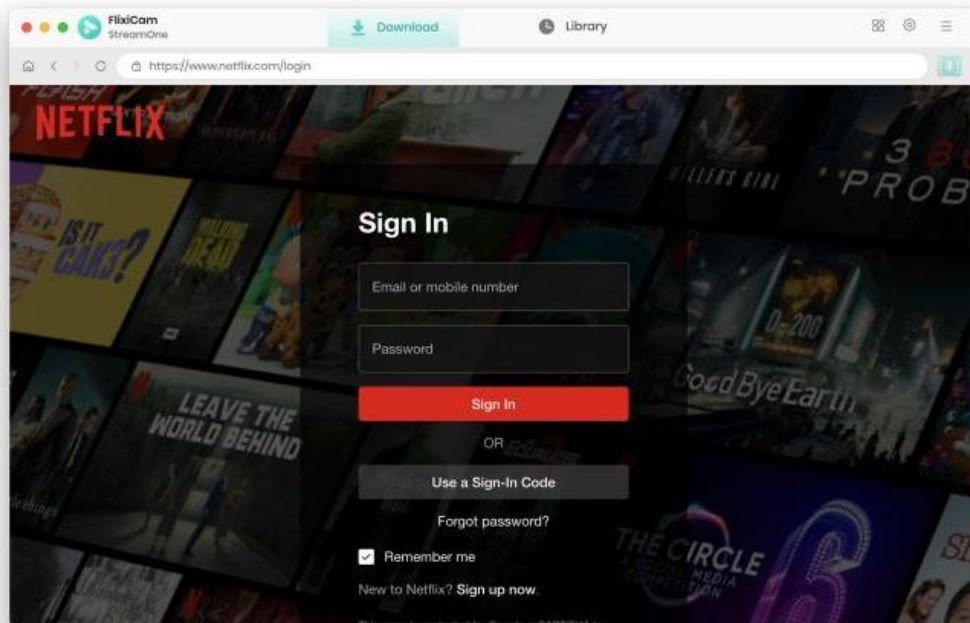

Tutorials

- Run StreamOne and Select the Website
- Customize Download Settings
- Search for Videos
- Select Audio Track and Subtitle
- Start Downloading Videos
- Check Download History

Run StreamOne and Select the Website

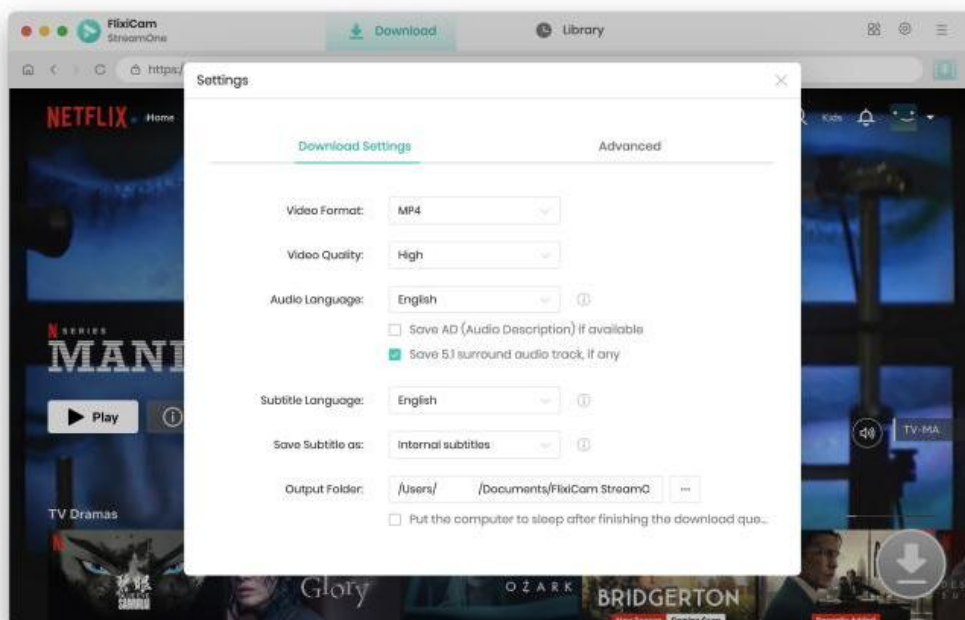

Before downloading videos, please select the website by clicking the icon next to the Settings icon. After entering the target website in the built-in browser, please log into your streaming service account to continue.

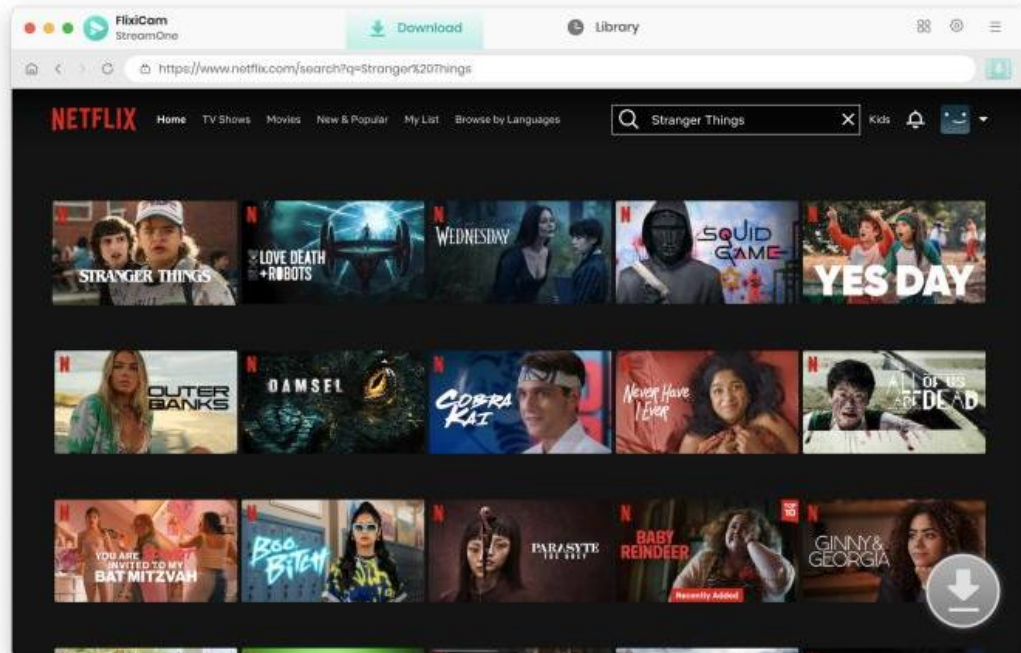

Customize Download Settings

Click the **Settings** icon in the upper right corner to customize the output quality (High, Medium, Low), output path, audio language, subtitles language, and more.

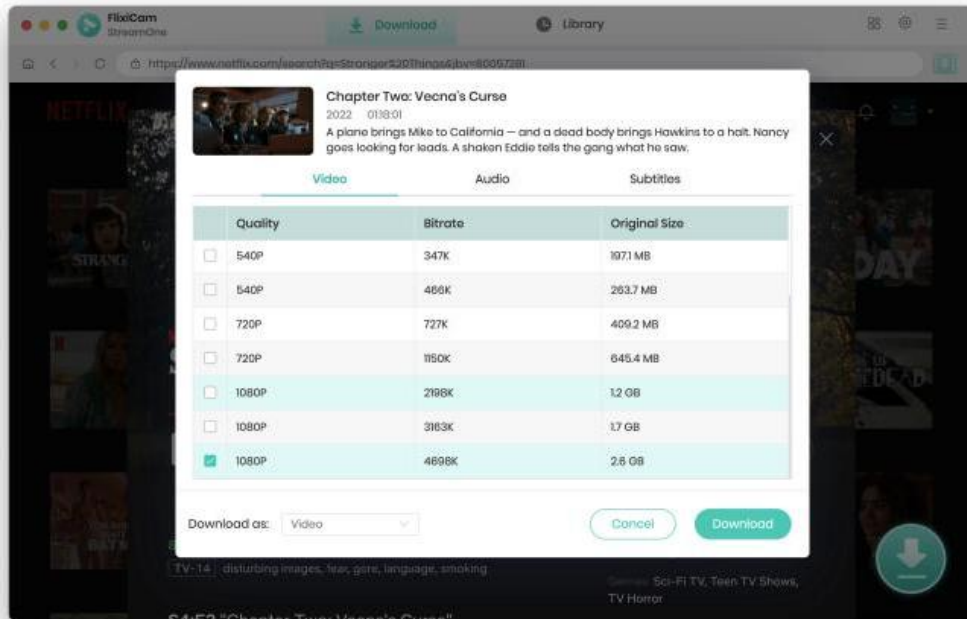

Search for Videos

Simply enter the name of the movie or TV show into the search box, and StreamOne will list the video or all of the related content.

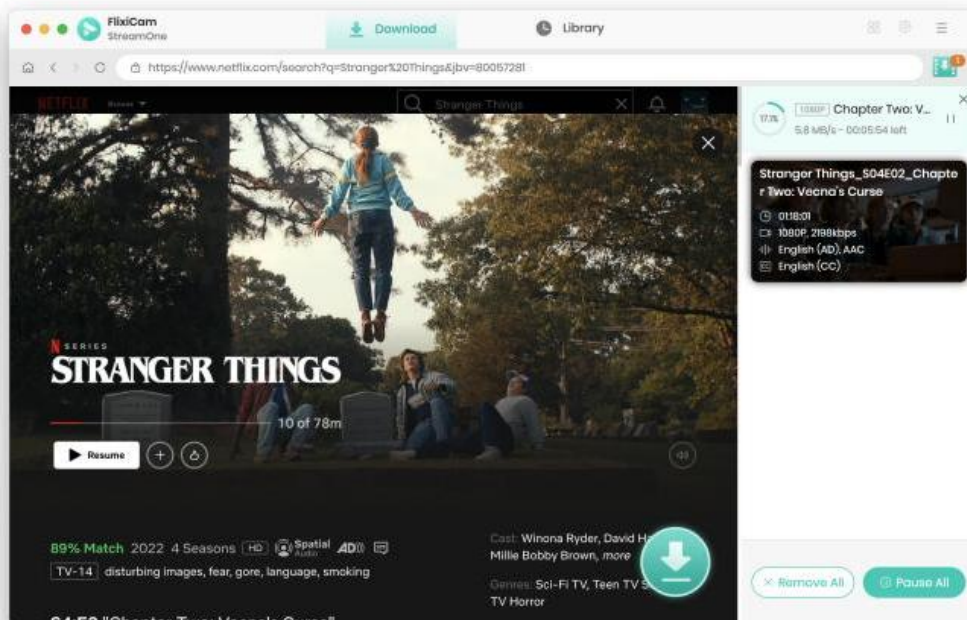

Select Audio Track and Subtitle

Click on the video you want to download, and the large Download icon in the bottom-right corner will become active. Click it to open the Advanced Download window, where you can select the season, title, video quality, file size, and more. To download movies, simply customize settings after clicking the Download icon.

Start Downloading Videos

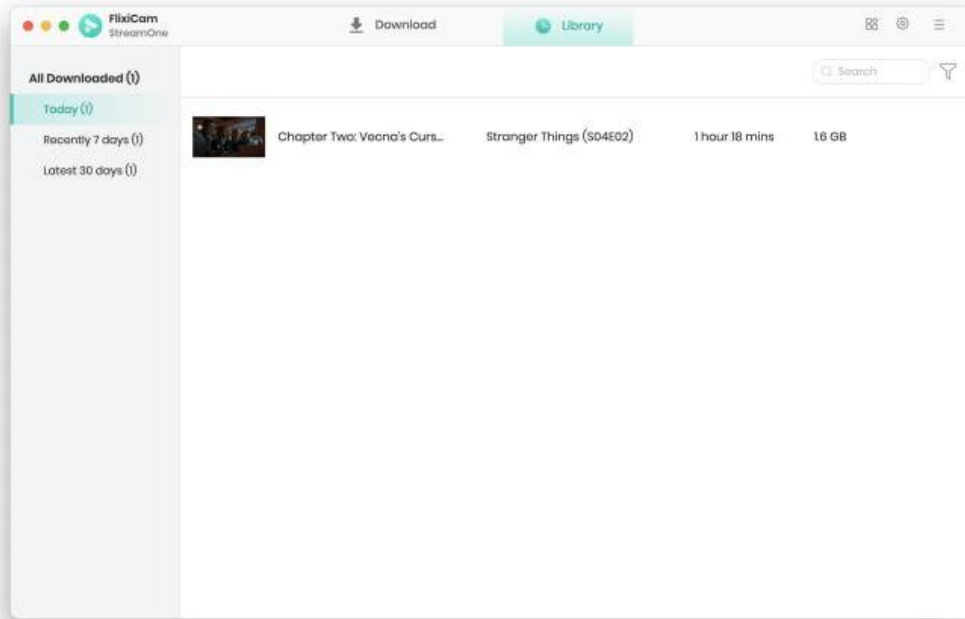

The final step is to click the **Download** icon to start the download process. The video will be saved to the output folder you've chosen in the previous step.

Check Download History

To locate the well-downloaded Netflix videos on local drive, you can click on the **Library** tab.
